U.S. SOLDIERS ARE KILLED IN BORDER WAR

GAYNESTON, Jan. 27.—Private William C. Wheeler and Victor Pederson of Battery D, Fourth Field Artillery, who were kidnapped yesterday by Mexican bandits and taken south from the border, were rescued by Carranza soldiers and brought to Matamoros today crossing the international bridge into the United States at 11 o'clock. They were turned over to American authorities.

BROWNVILLE, Texas, Jan. 27.—Two American soldiers were seized by armed Mexicans and four others fired upon were drowned in the Rio Grande late yesterday at Progress, Texas.

Three United States army officers, who led a rescue expedition into Mexico, have been placed under arrest. The men were swimming in the river and had crossed to the Mexican banks when two were made prisoners by a band of Mexicans who suddenly rushed out of the brush. The others swam madly to attempt to rescue them when they were greeted with a volley of shots.

Clement King and Rhoads were attached to Battery D, Fourth Field Artillery. Wilson was a member of Troop A, Twelfth Cavalry. The bodies were swept away by the swift current and have not been recovered.

A relief expedition was immediately organized in an effort to rescue the two captured men. It was composed of Lieutenants Mort, Peyton and Waldron, fourteen artillerymen and cavalrymen. They crossed the river and searched for a distance of about a mile, but failed to find trace of the Americans, although a party of Mexicans captured in the brush was freed upon. The Mexicans escaped. Reinforcements are being rushed to Progress from Mercedes.

The skirmish was reported to army headquarters here and the three officers of the expedition were placed under arrest pending an investigation of the armed invasion of Mexico.

A. Leach Jr., W. H. Leimert, S. M. Marks, Rev. A. W. Palmer, Mrs. M. L. Requa, S. Ringolsky, Judge George Semuels, E. F. Shuldrin, Mrs. Silverstein, William Smith, Rev. W. D. Simonds, H. C. Taft, Mrs. J. M. Van Slyke, Mrs. J. H. Lesser.

Big Fund Raised by San Francisco

SAN FRANCISCO, Jan. 27.—San Francisco has responded nobly to the appeal for aid for the 6,000,000 suffering Jews of Europe, and will send more than \$200,000 to the big fund in New York City. This was made known at one of the biggest mass-meetings ever held in the city at the Exposition Auditorium last night, when more than 5,000 people met and gave what they could to the fund.

Some of the larger donations announced today are as follows: Murphree and Henry Fleischacker, \$10,000; I. W. Hellman, \$10,000; Levi Strauss & Co., \$10,000; Marcus Koshland and Mrs. Koshland, \$5,000; Jonas Bloom, \$5,000; W. H. Crocker, \$5,000; Mrs. Hannah Gerstle, \$5,000; M. A. Gunst, \$5,000; Abraham and William Haas, \$5,000; I. Steinhart, \$5,000; D. and A. R. Sprueckel, \$5,000; Adolph Stahl, \$5,000; Samuel Bissinger, \$5,000; M. J. Brandenstein, \$5,000; I. W. Hellman Jr., \$5,000; Sigmond Schwabacher, \$5,000; California and Hawaiian Sugar Company, \$5,000.

Many outside contributions will find their way to the general fund in New York through the San Francisco fund. This is because a large number of men and women, actors and actresses and others, former residents of this city, have wired their amounts to the local committee for transmission to New York. Rose Stahl, Blanche Bates and Adolph Stahl are among those who did this.

Large subscriptions were made by most of the business houses of the city.

Dance and Theater Party Boost Fund

ALAMEDA, Jan. 27.—With volunteers making a house-to-house canvass, with the churches and the residents responding liberally to the appeals, the final work is being done today by the Alameda committee on behalf of the war sufferers of Poland and Galicia.

Tonight a benefit theater party will be held at the new Alameda theater. Two shows will be given, starting at 7:15 o'clock.

Today contribution cans were placed throughout the city and nickels and dimes, as well as quarters, are being given by the shoppers.

The big event of tomorrow will be the informal dance for young people, to be given at the Haight school auditorium. Fine music has been donated for the evening and the young people will have a merry time at the local year affair.

Miss Frances Kober conducted a raffle of a towel and today turned in \$11.40 to the general fund. Mrs. J. Strassburger and Mrs. L. S. Silberberg, with Fred Mulhausen, have been added to the volunteers who are canvassing the city.

Normal School Girls Raise Funds for Jews

SAN JOSE, Jan. 27.—The girls of the San Jose State Normal School rallied to the support of the local committee on Jewish relief named by Mayor R. H. Husted and conducted a collection campaign here today for the benefit of Jewish sufferers in the war zone.

Chaperoned by society women and members of the relief committee, the girls, wearing rabbit ears with the Hebrew six-pointed star, and carrying collection boxes on staffs tipped with the Jewish insignia of Jehovah, appeared at all of the principal street corners. There was a generous response to their appeal.

GOOD BAKERSFIELD REPORT.
BAKERSFIELD, Jan. 27.—Up to noon today local committees had a total of \$1894 for the relief of the Jews in Europe and it is expected that before noon the fund will total more than \$2000. A liberal response has been forthcoming to the appeal from citizens in all walks of life.

TAGS IN SEATTLE.
SEATTLE, Jan. 27.—The Central Relief Committee for Jewish War Sufferers is selling tags on the streets today; has arranged for the collection of contributions in the various churches next Sunday, and is receiving funds at 700 branch sta-

WILSON WRITES ON TARIFF COMMISSION

WASHINGTON, Jan. 27.—President Wilson sent a letter to Chairman Kitchin of the House Ways and Means Committee yesterday explaining why he had withdrawn his opposition to a tariff commission and now was urging the creation of such a body by Congress. He wrote frankly that he had changed his mind because "all the circumstances of the world had changed."

Declaring that he had "no thought whatever of a change in attitude toward the so-called protection question," the president said in this proposed commission would have nothing to do with theories of policy, but would be charged only with the duty of seeking facts to guide Congress in legislation.

In another letter to Kitchin last Monday he had set forth fully his ideas of what a tariff commission should be, and urged that the Ways and Means Committee consider the matter immediately. He favored a non-partisan expert organization.

"I have changed my mind," said today's letter, "because all the circumstances of the world have changed, and it seems to me in view of the extraordinary and far-reaching changes which the European war has brought about, it is absolutely necessary that we should have a competent instrument of inquiry along the whole line of the many questions which affect our foreign commerce and our tariff-making policy."

"I have had in mind a change of attitude toward the so-called protection question. That is neither here nor there. A commission such as I have suggested would have nothing to do with theories of policy. They would deal only with facts, and the facts which they would seek ought to be the actual facts of industry and of the conditions of economic exchange prevailing in the world, so that legislation of every kind that touched these matters might be guided by the circumstances disclosed in its inquiries."

CHURCH CONFERENCE

CHICAGO, Jan. 27.—More than eight million members of six branches of the Methodist Church will be represented at a conference on Church Unity to be held here February 10-17. It was announced today. Thirteen bishops, the general superintendent of churches in Canada and leading ministers, laymen and leaders are on the program as speakers.

Besides sending money to Europe, Seattle is sheltering hundreds of Jews recently arrived from Western Russia by way of Siberia and Japan. Four of the men killed in yesterday's hemp warehouse fire had arrived recently from Russia, and Jewish organizations are arranging for their burial and the care of their dependents.

COLORADO AIDING

DENVER, Jan. 27.—Colorado began today its campaign to raise funds for the relief of impoverished Jews in the European war zone. A mass meeting was arranged for tonight in Denver, at which the canvass for funds was to be formally launched.

President Wilson's recent proclamation setting aside today for collection of funds was supplemented a few days ago by a proclamation by Governor Carlson, calling upon citizens of Colorado to contribute to the cause.

BIG ADS TELL APPEAL

LOS ANGELES, Jan. 27.—Display advertising in newspapers featuring the appeals made by President Woodrow Wilson, Governor E. W. P. Johnson of California and Mayor C. E. Sebastian of this city for general contribution to the relief fund for impoverished Jews in the war zone of Europe, launched the relief campaign here today.

FUND IS RAISED

FORT WORTH, Tex., Jan. 27.—In sums ranging from \$1, given by an immigrant street peddler, to \$200 from a merchant, \$1300 was raised at a mass meeting here last night for the relief of Jews in the European war zone.

PRESSO TO AID

FRESNO, Jan. 27.—A committee of Fresno merchants is today conducting a canvass of residents of this city and suburbs to raise funds to aid the destitute Jews in the war-torn countries of Europe. More than \$200 in voluntary subscriptions has been received through the mails.

\$2000 FOR JEWS

SACRAMENTO, Jan. 27.—A fund of \$2000 has been raised by Sacramento to add to the Jewish relief fund. This amount was pledged at a mass meeting held last night and the contributions are continuing today.

CRIME WAVE SWEEPS LAND 6 WOMEN AND 3 MEN VICTIMS

Three women were slain and three were wounded as the result of a crime wave that manifested itself in various cities of the United States late yesterday. Involved in these crimes were three men whose identity has been learned, for they attempted self-destruction after their crimes. In the other cases the identity of the assailants has not been ascertained, nor have the motives for the crimes been determined.

Man Kills Woman; Attempts Suicide

LOS ANGELES, Jan. 27.—With only a blind man as "witness," Paul Gare pursued an as yet unidentified woman into the hallway of a Court street rooming house last night and shot her three times in the head, killing her instantly. Gare then shot himself and when Policeman Arnold arrived on the scene, Gare attempted to shoot him, but the latter kicked the weapon from his hand. Gare then tapped into unconsciousness, after giving his name and is not expected to survive.

Mother and Daughter Slain; Father Suicide

NEW YORK, Jan. 27.—Nathan Pullman, said to be a Chicago business man, suspected of killing his wife and daughter with an ax last night, jumped from the third story of the Third Avenue Hotel this forenoon, fracturing his skull. He died ten minutes later in a hospital.

Mrs. Rebecca Pullman, 50 years and her daughter, Mrs. Gertrude Hazell, 25 years old, were found dead in a furnished room here last night. After an investigation, Coroner Healy said their skulls had been fractured. A blood-stained ax, such as is used by butchers, was found beneath a bed in the room.

It is said the father celebrated the party were held to celebrate the return of Mrs. Pullman's husband from Chicago.

Relatives of the dead pair could assign no reason for the murder. The person responsible left bloody marks on a towel after the crime.

Wife and Her Mother Victims of Divorce

ANACONDA, Mont., Jan. 27.—Mrs. Mary Pettin and her mother, Mrs. Anna Thomas, were shot by the former's divorced husband, Jack Pettin, a few minutes before midnight at their home here. Mrs. Pettin was shot in the left side near the heart and is believed fatally injured. The mother was shot twice, but the wounds are not regarded as dangerous.

Following the shooting Pettin ran to the saloon owned by his brother, and waving back his hand toward the bar, shot himself through the side. He probably will recover, the police say.

The cause of the shooting has not been ascertained.

Gym Instructor Is Mysteriously Slashed

ST. LOUIS, Jan. 27.—Mrs. R. K. Hudson, gymnasium instructor at the St. Louis Young Women's Christian Association, was attacked and probably fatally wounded a yard from her home in Webster Groves, a fashionable suburb, last night. Her assailant used a knife, slashing Mrs. Hudson's throat and face.

Physicians hold out slight hope for her recovery. Meanwhile, a posse of more than 100 citizens, led by Marshal Knickmeyer, followed a pulp of bloodhounds, followed a posse of bloodhounds, followed a posse of bloodhounds.

Apparently no attempt was made to rob Mrs. Hudson. As no one witnessed the attack and Mrs. Hudson was unable to speak, the police and her friends are at a loss to understand the motive.

ANOTHER STORM IS CAUSE OF FEAR

week's flood and is not prepared for the storm which fell upon it today in all of its fury.

COLD WEATHER IN MOUNTAINS

DENVER, Jan. 27.—A temperature of 34 degrees below zero at Haver, Mont., at 6 o'clock this morning is reported in the statement of the local weather bureau today. Usually low temperatures prevail throughout the northern Rocky Mountain district, with a line of zero temperatures through Central Kansas, Iowa, Western Minnesota and northward to British Columbia. High temperatures are reported east of the Mississippi. Snow and rain is indicated in the forecast over most of the Rocky Mountain districts.

PORTIONS OF AVALON ARE UNDER WATER

AVAILON, Cal., Jan. 27.—Portions of Avalon were flooded today as the result of a heavy wind and rain storm which has been sweeping California since late yesterday afternoon. Roads have been washed out at many points. The storm showed no indication of abating today.

Taft or Lane Not to Become Justice

WASHINGTON, Jan. 27.—President Wilson has told senators who called at the White House that he is not considering former President Taft in connection with the vacancy in the Supreme Court. The president said he is open-minded as to candidates, but has decided upon certain general principles that would guide him in making the selection. He said the man must be a Democrat, must be not more than 50 years of age, and he believed he should come from the Middle West.

The president also told some of his visitors that he felt he needed the services of Secretary of the Interior Lane in his cabinet. The fact that Secretary Lane is from California, the home state of Justice McKenna, also militates against his selection.

Senators interested are all at sea. None know the president's intentions. The reports that Justice McKenna and Holmes intended to retire were denied today.

Unhappy Couples in Divorce Court

That his wife chooses to live in Darlington, England, rather than with him, is the complaint of Frederick Abram in a suit for divorce filed today against Margaret Abram alleging desertion.

Margaret L. Woodworth wants a divorce from Norval D. Woodworth, a fraternal organizer, on the alleged ground that he stayed away from home at night and refused to tell her where he had been. She says he spent his time in cafes.

Anti-Liquor Bill Favorably Reported

WASHINGTON, Jan. 27.—A sub-committee of the Senate judiciary committee has reported favorably the Sheppard amendment of an amendment to the constitution to the states, which, if ratified, would automatically prohibit the manufacture and sale of all liquors in the United States. The members of the sub-committee are Senators Chilton, Shields, Fletcher, Dorch and Cummings. It is believed the bill reported will be guided by the report of its sub-committee.

BRITAIN TO STAND FIRM IN BLOCKADE

LONDON, Jan. 27.—The result of the anxiously awaited debate in the House of Commons on the blockade question is that the British government adheres to its existing policy.

A resolution introduced by Arthur Shirley Brien, Unionist member for Plymouth, that the entire overcoast traffic with Germany should be prevented by a blockade, was tabled out of the subject dropped, thus leaving the position exactly as before the debate, except that Parliament seemed more converted to the government policy.

"We are going to answer the last United States note," said Sir Edward Grey, but in the first instance in consultation with the French government. That consultation is now taking place, and consultations with other allies who are concerned in the carrying out of our policy may follow."

New Placer Diggings Discovered in Alaska

SEWARD, Alaska, Jan. 27.—The discovery of new placer diggings 21 miles north of Cold Bay, right at the foot of Mount Katmai, the great volcano which blew up five years ago, became known here yesterday. The discovery was made two months ago by fur trappers, who staked nine claims and washed gold in their spare time while waiting for their traps. William Rausch, a merchant, said that the gold was scattered along a small creek.

NEW MARTINEZ ROAD. MARTINEZ, Jan. 27.—Final arrangements were made today for the construction of an interurban electric railway to run from Martinez to Concord, when the city trustees this afternoon granted the promoters of the new company permission to run their cars through the city of Martinez.

Bluebird Bureau
Department of Good-Fellowship

At the threshold of the Blue Bird Bureau a dapper-looking young business man paused yesterday and the general of the Good-Fellow army went forward to greet him.

"Have you got any use for this overcoat?" he inquired casually, at the same time moving as though to divest himself of a perfectly good raincoat.
"Yes, yes," responded the astonished G. of the G. F. A., "but haven't you?"
"Outside there was a distinct drizzle and it was far from real California weather."
"No, I've got another one home," he remarked coolly, "if you can place it well I wish you would."
Half an hour later the coat was on the back of an ill-clad man who had come to a municipal shelter in search of employment, had found none and had gone out to brave the wind and rain in search of a job. It was the first act of practical kindness that the fellow who was down and out had received in a month, he said, and you could see that it did him good.

GETS HIS VIOLIN.
That little youngster with ambitions to become a violinist and no means of gratifying them, concerning whom we spoke about the other day, came to the bureau yesterday with his mother and was given the instrument sent to him by a member of the Good Fellows' club who lives in Pinole. He was told the history of the violin—suffice it that it was a memento of a little girl no longer in this world—and he promised faithfully to make good use of the present.
The boy is a foreigner, temperamental and musical. His instincts got the better of him just as he was going to depart and with tears in his eyes he made a grab for our hand to kiss it. The bundle containing the bow and box of music went one way and the violin came near going another, only the mother rescued it. In the general excitement we escaped.

FUNDS ARE NEEDED.
The pitifully meager fund placed at the bureau's services for carrying the mystical Blue Bird of Happiness into many a darkened home is in a state of emaciation which presages a speedy and premature demise, but we are confident that some Good Fellows, as the mood strikes them, will come to our rescue just when we need it most.
For exactly \$5, a sum which you and I and many others spend rather foolishly sometimes, the Blue Bird Bureau can procure a wheel chair for an elderly woman who is bed-ridden in a shack in the outskirts of the city. This woman is the wife of a man who fought and bled for his country during the civil war and is now too old to earn his own living.
WILL BE SENT HOME.
The couple came here from the East under a misapprehension and

Children who are insufficiently clad have low vitality and are open to temptation and disease.

Children insufficiently clad remain susceptible to disease, losing the education needed to make them self-supporting citizens.
For every child out of school the city loses a state and county appropriation of 20 cents a day. It is to everyone's advantage, therefore, that school children receive needed clothing.
If you have any clothes which your own children have outgrown, please Oakland 7285, and someone will call for it.
Adults' clothing will be accepted at same number.

will probably be sent home by the county when the summer comes. They are living on a pension of \$12 a month, payable every three months. So long as the woman could get out and do the simple household duties necessary the Blue Bird of Happiness lingered not far away. Even now they do not complain, but recently an unfortunate mishap crippled the woman's knees, and lacking some contrivance to get around she has been unable to join either herself or her "pal" of forty years.
"Shucks," she explains, "if I could just get over to the stove and the sink I could cook for myself and the man, but the ligaments in my knees are torn loose and I just can't walk, no matter how hard I try."
So there you are, Good Fellows, what shall we do about it?

ONE DAY'S WORK.
And don't forget that if we could only get TWO wheel chairs while we are about it there's a little less mile of a girl whose life can be saved thereby and we'll give you her address, too. Two wheel chairs, and by the Great Horn Spoon we'll call it a day's work!

DISEASE AND FILTH IN ORPHANS' HOME

Matron of Maude Booth Asylum Resigns; Grand Jury Investigates.

SAN JOSE, Jan. 27.—Mrs. A. Duncan, matron of the Maude Booth Asylum for Orphan Home for juvenile court wards at Mayfield, has resigned her position following an investigation of charges laid before the Santa Clara county grand jury, the state board of charities and corrections and the state board of control. According to statements made here, the home, where eighty children are housed, is overcrowded and the sleeping accommodations are poor.
Investigation by three separate agencies has revealed these details: Insufficient and filthy beds, some of the children diseased, some of the beds without linen, poor food, poor service.
Judge W. A. Beady of the Santa Clara County Juvenile Court, who is investigating the wards of his county from his institution, Judge Buck of San Mateo county received a report today from Francis Rapp, his probation officer, that the home was "a filthy place."
San Francisco, which has the greatest number of children in the state, also is investigating through agents of the Juvenile Court.

Efforts have been made within the last two weeks to improve the conditions at the home. The new matron, Mrs. A. Duncan, a new matron has been substituted and food and sanitary conditions have been improved, according to the report of the state board of charities.
The grand jury committee on charities, consisting of Charles J. Latham, John McQuire and Lincoln Shaw, report today that the home was "a filthy place." The report says: "Which child is served with two slices of baker's bread, half of two-thirds cup of rice, cup very weak tea, small piece butter."

RAILROADS COMPARED.
CHICAGO, Jan. 27.—At the inquiry of the Interstate Commerce Commission here today into the operation of private car lines an attempt was made to learn why private line cars were moved faster and at a greater pleasure than cars of the railroad companies.
The grand jury committee on charities, consisting of Charles J. Latham, John McQuire and Lincoln Shaw, report today that the home was "a filthy place." The report says: "Which child is served with two slices of baker's bread, half of two-thirds cup of rice, cup very weak tea, small piece butter."

THOUGHT DEAD, RETURNS.
MODESTO, Jan. 27.—George M. Mason, 24, for whom the coroner and posses have been searching for the last eight days, believing him drowned in Lake's slough, on Rancho de Rio, reappeared mysteriously at his home at 7:00 last night, his missing a life. The condition of his clothing indicated that he had been brought to the place. Mason, who is an athlete, had left home originally on a hunting trip.

RECIPE TO STOP DANDRUFF

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.
To a half pint of water add:
Bay Rum 1 oz.
Barbo Compound 1 oz.
Chrysoline 1/2 oz.
These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out, and relieves itching and scalp diseases.
Although it is not dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.—Advertisement.

LOW SALARIES FOR EPISCOPAL CLERGY

Diocese Convention in S. F. Transacts Business; Oakland Men Named.

With new committees chosen for the various branches of the general church work, several Oakland clergymen being placed in important positions in these bodies, the Episcopal diocese convention in San Francisco today is ready for the more serious work of the year. The choosing of boards to carry on the various lines of the work consumed a large part of the session yesterday and last evening.
Plans were started today to raise a fund of \$12,000 for church extension work, and several other plans for development work are also before the session in Grace Cathedral.

Rev. Alexander Allen, of St. Paul's church, Oakland, heads the committee on the Board of Missions, and B. A. McAllister of Oakland, is also on this body. Rev. E. L. Parsons of Berkeley is named a deputy to the general convention. Rev. John Bakewell of Trinity church, Oakland, heads the standing committee list and Dr. Parsons is also on this board.
The full list of official boards named includes the following:
Board of Missions—Rev. Alexander Allen, St. Paul's church, Oakland; Rev. Halsey Werlein Jr., Trinity church, San Jose; E. D. Heyland, San Mateo; W. F. Bradshaw, Berkeley; A. J. Dibble, Ross Valley, and B. A. McAllister, Oakland.
Deputies to the general convention: Venerable John A. Emery, All Saints, Palo Alto; Rev. E. L. Parsons, St. Mark's, Berkeley; Rev. H. H. Powell, Divinity School, San Mateo; A. C. Kains, San Francisco, and L. F. Montague, San Francisco.

Standing committees—Rev. John Bakewell, Trinity church, Oakland; Rev. E. L. Parsons, St. Mary's, Oakland; Rev. Rev. J. Wilmer Gresham, Grace Cathedral, San Francisco; L. M. Ringwalt, A. C. Walne, J. P. Langhorne and G. A. Pope, all of San Francisco.
Local service committee—Rev. H. E. Montgomery, Trinity, Menlo Park, and Dr. Langley Porter, San Francisco.
Board of Christian Education—Rev. W. H. Cambridge, St. Matthews, San Mateo; Rev. D. J. Evans, All Saints, Palo Alto; R. S. Minor, Berkeley.
Deciding that not one new mission had been started during 1915, Archdeacon John A. Emery made a spirited plea for more mission work, urging the raising of the \$12,000 fund for the purpose at once.
"If every communicant in our churches gave the price of one 2-cent stamp we would have more money than is coming in now," he said. "We must have more in now." He said that the convention was favoring an appropriation of \$12,000, to be raised at once among the parishes, those parishes not contributing their proportion being obliged to cut down their active work.

A motion was put by Rev. E. L. Parsons that the convention go on record as favoring an appropriation of \$12,000, to be raised at once among the parishes, those parishes not contributing their proportion being obliged to cut down their active work.
By a vote of 42 to 32, it was decided that the five laymen delegates to the convention from each parish, who have heretofore enjoyed but one collective vote, should be given five individual votes hereafter in the interest of more widespread interest in conventions on the part of laymen, whose counsel in business and financial matters is to be sought. Montgomery, Trinity, Menlo Park, and church is a great corporation. It was argued, which needs the good business counsel of all capable paymen obtainable. The matter was referred to the next annual convention for final consideration and action.
The question of salaries may be discussed among the clergymen before the session ends. Considerable comment was heard on the stand taken by the executive committee of the Protestant Episcopal church. The average pay of a clergyman in these churches, according to Bishop William Lawrence of Massachusetts, is \$12,000 a year.
"There are 420 clergymen actively devoting their lives to the service of the Episcopal church—sometimes called the 'priesthood in America,'" said Bishop Lawrence.
"Yet 522 of our clergy, more than one-half, are paid less than \$1500 a year; 727 receive less than \$1000, and only 318 earn \$500 or more. Even this is not all cash, but includes the value of a house, when supplied.
"The highest average salary is earned at 47 years of age. There is a distinct falling off in the salaries earned by the older men, especially those over 60. Many old men performing hard jobs are making \$500 and \$700 a year. The church, therefore, today has in fact, if not in name, a system of virtual retirement at the expense of the old men."

EDITORIAL
Did you ever notice that we never put out any "cure-alls" under our own name? We have a Bowman's talcum powder, Bowman's cough syrups and liniments, but there are no Bowman's Heart Cures, Kidney Cures, etc. We will not attach our guarantee or our name to combinations of drugs likely in our opinion to be more harmful than efficacious.
It is probably all right for people of good judgment to prescribe for their own ailments, up to a certain point, but when serious cases are to be cured a physician should be called in.
Cure-alls are, as a rule, dangerous and are not advised by Bowman's.
They may seem strange, in face of the profit in such medicines, but, as we have stated many times before, this business has grown beyond the mere idea of earning dividends. We are earnestly trying to protect the best interests and the health of our customers by giving them not only the best of merchandise but the best of advice, for the purpose of curing the ailments which many of which are good; but as a rule, our advice would be to see your doctor first. This being our opinion we cannot honestly offer a name and guarantee, cures for ailments which physicians should prescribe for.

"It's an ill wind that blows nobody good." If it had not been for the rainy weather, our January Handbag Sale would have been over by now and those who failed to attend would have been left.
However, weather keeps even the most determined shopper away to an extent that results that we have a number of really wonderful values left. In fact, we doubt if you have ever seen such low priced—68c, 75c, \$1.15, \$1.50, etc.
This sale ends Monday, and you'd better hurry if you wish to take advantage of the opportunity.
Oh, yes, we almost forgot to mention that about 10 days ago our buyer picked up a line of "Samite" Handbags from a manufacturer who has dropped certain styles.
These have been added to the others, making the sale doubly interesting.

THE BEST POROUS PLASTER FOR LAME BACKS
There is a "best" in everything, providing you can find it. The "bestness" however, depends upon how you expect to use the article.

SUFFERED FROM LAME BACK, WEAK KIDNEYS AND DIZZINESS

Dear Editor:

Last winter I suffered terribly from lame back, weak kidneys and dizziness, and uric acid in the blood caused rheumatic pains. I sent to Dr. Pierce of Buffalo, N. Y., for his new remedy, "Anuric." As soon as the box of "Anuric" came by mail I commenced taking them, and reaped untold good from their use.

(Signed)

MRS. KATE THOMPSON.

Note:—This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great institution in Buffalo, N. Y., have thoroughly tested this prescription and

have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. If not obtainable, send one dime by mail to Dr. Pierce for trial package, or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood purifier and alterative that starts the liver and stomach into vigorous action. It thus assists in making rich, red blood, which feeds the heart, nerves, brain and all organs of the body. You feel clean, strong and vigorous—instead of tired, weak, and "all-in."—Advertisement.

At the Cheaters

ORPHEUM

"The Bachelor Dinner" is providing a tale of gaiety at the Oakland Orpheum. This week is one of those big fine musical comedies that exceeds the speed limit. Pretty girls and handsome stars with clever comedians and a lot of sweet singers and a world of fun are all found in this "Bachelor Dinner" feature.

Mrs. Gene Hughes, with her company, scores great success in Edgar Allan Poe's comedy, "The Hunchback of Notre Dame." There is a laugh almost in every line.

Tommy and Norma wake the echoes with their rollicking fun in a lively song and dance and singing which they are supposed to call "Just Nonsense."

Two young chaps from Europe, Burley and Burley, give an excellent and Scotch comic talking act that is a delight from start to finish.

Mae Francis, a pretty girl with some new songs in a pleasing feature.

A beautiful musical spectacle is provided by James Dutton and his company of performers.

The Yards open the bill with some strenuous athletic acts and the performance is brought to a close with a five-part feature picture entitled "The Fourth Estate."

The management announces that Evelyn Nesbit will begin an important engagement at the Oakland Orpheum next Sunday.

MACDONOUGH

"Twin Beds," the laugh festival, by Salisbury Field and Margaret Mayo, which has just completed a run of fifty-two weeks in New York at the Harris theater, is the attraction at the Macdonough this week until Saturday evening. "Twin Beds" has won and held its popularity on its wholesomeness, its incomparably amusing, swift action, its wit of line and freshness of slang, and its expertly delineated characterization.

Follette Day, J. Merrill Morrison, Marlin Lord, P. Paul Porcasi, Editha Maxham, William Weston, Eleanor Wilton and others.

In "Peg o' My Heart," which comes to the Macdonough next Sunday, the cast includes a week's engagement, J. Hartley Manners has written one of the sweetest plays and created one of the most charming characters seen on the stage in recent years.

Florence Martin, who is considered the prettiest and best singer in the city, will play the title role, and to head the cast, which has been personally selected by Manager Morosco to make this faraway production a success, under his direction. The cast follows: Fred Tilden as Jerry, Madeline L'Estrange as Mrs. Cliffridge, York Evans as a waiter, Edmund Taylor as Everett, John Pearson as Jarvis, and Lillian Kemble Cooper as the society girl.

HIPPODROME

A splendid new show was offered at the Hippodrome yesterday for the last half of the week, not the least interesting of which was a remarkable moving picture version of Frank Norris' gripping story, "McTeague." Holbrook Blinn plays the role of McTeague, and his work is little short of perfect. Fannie Harrison is excellent as his supporting cast is excellent, while the scenes, especially those of Death Valley, are wonderfully realistic.

Frederick Browning Musical Revue Company are the vaudeville headliners.

The "Interior Company" are making a far-reaching appearance at the Hippodrome, and the new tabloid, "Heine in a Cabaret," is the best they have given yet.

Francis Young, the famous vaudeville comedian, has been seen in the rest of the principals and the famous Boothell Browne beauty chorus are all seen to splendid advantage.

Musette, a dancing violinist, entertains with several well rendered violin selections; Berenford Lovett and Gene Vandenough, an excellent little sketch called "Her Wedding Night," and Duncin Collins, in songs and dances, complete the vaudeville acts.

OAKLAND PHOTO

Cleo Ridgely and Wallace Reid, the famous couple who appeared together in "The Golden Chance," the Paramount feature offering at the Oakland Photo Theater commencing yesterday, are seen, according to everybody who saw them, in the first real love story ever seen on the screen.

"The Golden Chance" has to do with the adventures of Mary Dunby, the wife of the drunken, thieving Steve. She is thrust by the society woman for whom she is working to fill a vacancy at a dinner, where a wealthy young bachelor falls head-over-heels in love with her, and his affection is reciprocated; how the husband, in attempting to burglarize the house, blackmails the young bachelor, but is killed after a desperate fight, must be seen to be appreciated.

As the second feature of this exceptional double bill, "The Great Divide," the tremendous success which served as a starting vehicle for many famous, has been adapted and produced in motion pictures by the Lubin Company with Thelma Peters and Ethel Clayton in the leading roles. The picture was produced on the identical spot which inspired

Daniels Warns Press Against Hasty Action

NEW YORK, Jan. 27.—The newspapers of the United States "ought to be chary of anticipating and thus forcing the hand of the government," Joseph Daniels, Secretary of the Navy, declared in a letter to the Brooklyn Press Club, read last night at a meeting of the organization held to celebrate the opening of new quarters.

"In a time of crisis," the Secretary wrote, "when a false story on the part of the government might plunge the country into war, war which might have been averted by a little preliminary exercise of reason the press of the country must perforce restrain itself. It must not rush into premature publication."

Secretary Daniels said that so far as possible American newspapers "ought to support the foreign policy of a President, whatever party be in power, in times of grave international crises."

This speed, the highest credited to any first-line ship of the United States Navy, was said to have been sustained during three consecutive hours.

RUBBER TIRE MEN ON ANNUAL VISIT

R. J. Firestone Reached Bay Cities Yesterday; Brings Good News.

(By EDMUND CRINNION.)

Oakland and San Francisco are today taking turns in playing the role of host to one of the biggest individuals in the automobile tire business, in R. J. Firestone, sales manager of the Firestone Tire and Rubber Company, who is at present making his annual tour of the coast.

Firestone arrived in San Francisco yesterday and will spend the next week in conference with local leaders. R. J. Firestone, manager of the company's local branch.

"Our organization," said Firestone in an interview yesterday, "has never had kept pace with the tremendous strides made in the automobile industry in the past few years. The development of this business is truly remarkable and has surprised even those most intimately connected with it. A few years ago the tire manufacturer who contemplated a production of 1000 tires a day was looked upon as an optimist. Today the Firestone Tire and Rubber Company is making 12000 pneumatic tires daily and the work of expansion has not paused for an instant. Sounds of hammer and saw and the thunder of the riveting machines among the big steel girders can be heard above the din of the factory, as wing after wing is being added to cope with the demand that is becoming greater every day. This era of prosperity has enveloped the whole country. In the East there is hardly a line of manufacture that is not being taxed to its utmost capacity. War orders are not alone responsible for this. While, of course, the war has affected many lines, the present prosperity is due to a general business awakening which is making itself felt in a demand from every section of the United States for supplies, the sources of which have lain idle for months."

The Pacific Coast, too, is feeling the effect of this and, in my opinion, in a short time an activity will be shown here equal to that in the East."

To direct the activities of forty branches and some thirty thousand dealers and agents for one day is a job that the ordinary individual would consider a plate very costly before attempting. To Firestone this is just part of a day's work, as his shoulders bear such responsibility the year round. Quiet in manner, modest and unassuming, one who did not know Firestone would never pick him as the man whose daily duty it is to market 12,000 pneumatic tires. Those whom work he directs, however, men and agents know that were the factory capacity increased to 25,000 tires a day, Firestone would accomplish the task of selling them with no visibly greater effort than he is putting forth today.

BARCOCK HERE ALSO

Preceding Firestone by but a few days in reaching this coast is Edward S. Barcock, advertising manager of the Firestone interests.

Barcock's mission here at this time is to study advertising conditions on the Coast and to establish a direct branch of his department in San Francisco to handle the Firestone advertising on the Coast.

Yesterday Barcock was the guest of honor at the regular noonday luncheon of the San Francisco Advertising Association, and quite a sizable gathering of business men was present to hear him.

Barcock, with his long experience as a director of big national campaigns, occupies an enviable position in the East and his talks on sales and advertising are always very interesting. Yesterday his subject was "A Vital Problem in a Vital Industry" and dealt with the obstacles that have been confronting the big automobile and necessary manufacturers in the East.

Hold-up Staged in Front of St. Francis

SAN FRANCISCO, Jan. 27.—The sidewalk in front of the St. Francis hotel, at all hours of the night one of the most frequented spots in the city, was chosen as the scene for a holdup on the part of a desperate robber at 2 o'clock this morning. Roy Phillips, an actor, picked up at the Orpheum, was the victim. Phillips, who resides at the Stratford hotel, 740 Powell street, a half block from the St. Francis, had gone but a few steps from the latter hostelry when the footpad stepped up to him. The man had been concealed in the shrubbery of Union Square opposite, and had evidently carefully scrutinized the street in both directions before approaching his victim. He held a revolver to Phillips' head and demanded his money. The actor turned over \$18, concealing his watch, thereby saving it from confiscation. The robber, turning, ran through the square and escaped. Patrolman Delacalso searched for him in vain.

Postmaster Not Won by Actress' Smiles

Postmaster Joseph J. Rosborough believes that the rain and not the eye should be entertained and instructed at the weekly luncheons of the advertising bureau of the Oakland Chamber of Commerce. He told members of the organization so in an informal address in the club rooms this afternoon.

"It's fine for the eyes, of course, to have Anna Held or Lillian Russell here at these luncheons," Rosborough declared, "but it's not particularly educational. What we want is education. We want to know about Oakland and what is being done in and for Oakland. Let's get our manufacturers up here to tell us what they make and how they make it." His remarks were applauded.

Men Severely Cut by Broken Windshield

Two men were cut by a broken windshield when an automobile at Taylor and Market streets skidded into a safety station at 2 o'clock this morning. Those hurt were Elmer Shaffer, of 2111 E. 12th street, and Daniel Lowrey, 1252 Mason street. Shaffer was driving and something went wrong with the steering gear. He attempted to right the car, but turned too quickly and skidded twenty feet. The bottom of the safety station was ripped out, the machine smashed and both men shot out.

BIG HOTEL BANKRUPT

PORTLAND, Ore., Jan. 27.—The Multnomah hotel closed its doors today. Voluntary bankruptcy proceedings were filed in the Federal court this morning. Roy O. Yates, president, said that although he was appointed temporary receiver last week, he was unable to continue the operation of the hotel at a profit. The petition in bankruptcy given assets at \$248,002; liabilities, \$233,350.

FOR BRONCHITIS, SEVERE COUGHS COLDS AND WHOOPING COUGH

Make the Best Medicine at Home—128 Teaspoonful for 50 Cents.

Money spent for the old style, ready-made medicine usually sold in bottles holding only 2 to 2½ ounces (16 to 20 teaspoonful) is largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it were all medicine. Stop wasting this money. You can make a better remedy for bronchial affections at home at one-fifth the cost. Merely go to Osgood Brothers and ask for 3 ounces (50¢ worth) of Schiffman's New Concentrated Expectant, which they guarantee will give perfect satisfaction or money will be refunded. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (128 teaspoonful). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold, Bronchitis, Asthma, Bronchitis, Croup, Hoarseness and Whooping Cough. One bottle will make enough home-made medicine to probably last the whole family the entire winter. Children like it. It is so pleasant to take. It is unlike any other medicine, and positively contains no chloroform, opium, morphine or other narcotics, as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above drugist, in fact any drugist in this city, will return the money (just the same as is done with Schiffman's famous Asthmator) in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy—under this positive guarantee.—Advertisement

The same unanimity of purpose and perfection of results is found in the singing of the Columbia Mixed Quartette in "Crossing the Bar", a companion piece to "Absent."

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 50 cents. Easily prepared in 5 minutes. Full directions with Pinex. This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly breaks the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent hoarse cough. Excellent for bronchitis, spasmodic cough and whooping cough. Keeps perfectly and tastes good children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex"—do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Health--The Way to Be Efficient

THE watershed of modern civilization is efficiency. There are about 10,000,000 persons 10 years of age and over employed in this country. It has been said that the well-being of the average family in the United States depends upon the employment of these millions. Efficiency in their work is demanded by the employers of all those workers. You owe it to yourself and to your employer to be efficient.

By efficiency is meant not so much knowing how to do your work as to be capable of doing it well, day after day. This depends more, perhaps, on your physical condition than anything else. Don't neglect keeping yourself in trim in order that you may do your work well.

It is a well-known fact that city people are peculiarly susceptible to diseases such as pneumonia. The mortality from pneumonia is increasing yearly. The causes are easily understood. The population in cities is increasing in ratio to the population of the rural districts. The shifting of population to cities affects the incidence of pneumonia by increasing the number who take little outdoor exercise; by favoring over-indulgence in eating and drinking; by increasing the facilities for contact with infection; and, last, by increasing the pollution of the air that is breathed both inside and outside of habitations, shops and offices.

The only way in which disease can be prevented is by reducing the number of susceptibles. That can be done by educating the masses—by teaching them through the mediums of the public press, the schools and the universities, in addition to the public health agencies and the work of the medical profession.

Men and women must learn to avoid any excess of their daily need of food; they must learn the habit of eating a reasonable person (a "fat" person is a vulnerable person and the laws of nature are to be obeyed implicitly).

Comfortable clothing, daily bathing and a reasonable amount of sleep and exercise comprise about two-thirds of the requirements for physical efficiency, and food contributes the other third.

Too many working women acquire the habit of eating but little breakfast, lunching on a soda or sundae and then eating too large a meal in the evening. Naturally their digestions become poor and their bodies undernourished.

Answers to Queries

C. A. I. cannot express an opinion upon the shampoo or hair tonic which you mention, as I have never used either, and so am not competent to do so. The shampoo and hair tonic can be used on the face and neck two or three times a day.

MISS REGINA.—Use the onion salt reduced upon your lips. Dissolve one half pound of onion salt in one pint of rain water. Then shave one and one-half bars of the best white soap into a pint of boiling rain water. Pour the mixture into a bowl and wash the face with it at night. Allow the mixture to dry on the skin. Wash off in the morning. Continue treatment until the superfluous flesh disappears. There is usually a loss of two pounds a week during the treatment.

A DAILY READER.—An astringent lotion would be good for your face. There is nothing better than witch-hazel.

ESTELLE.—Add fifteen grains of tannic acid to five ounces of each day water and use several times a day as a wash for the face. It will dry the water a soft feeling. Borax will not promote a growth of hair.

A. E. B.—Borax is very good for the face. It is not used too strong. Put a teaspoonful in the water, just enough to give the water a soft feeling. Borax will not promote a growth of hair.

R. R. I. have used the soap you express an opinion as to its merits or demerits in that regard. I can only repeat the same thing in regard to the cream you mention—never having used it, I am not competent to express an opinion upon it.

DISCOURAGED.—If you will send me a self-addressed, stamped envelope I will answer at length and tell you what to do to prevent the skin from peeling and would not have any face peeled for anything in this world. Never having used the treatment you refer to for enlarged pores, I am not competent to express an opinion upon it.

MISS A. READER.—Salicylic acid, twenty grains; alcohol, one-half ounce; glycerine, one ounce. Mix together and apply with a camel's hair brush over the hard surface of the face or over the face of the face.

MABEL.—Formula for lanolin cream: Lanolin 2 1/2 ounces. Almond oil 2 1/2 ounces. Sulphur 2 1/2 ounces. Castor oil 2 1/2 ounces. Violet extract 2 drams.

BULGARIAN MONKS FIGHT SERBIANS

Peaceful Mt. Athos Zone of War Struggles With Enemy.

LONDON, Jan. 27.—A dispatch to the Times from Bucharest says:

"The war has invaded the peaceful seclusion of Mount Athos, where Bulgarian monks from the Monastery of Zographu endeavored to oust their brother Serbians from the neighboring monastery of Chilandari. The attack failed owing to the defenses of the Serbian monastery, whereupon the Bulgarians were to a portion of the structure. All

the monasteries on the holy mountains were fortified in the middle ages in order to resist pirates."

Athos Mountain is on the easternmost of the three Macedonian peninsulas projecting into the Aegean Sea southeast of Salonika. The height rises 2900 feet and is remarkable for the beauty of the scenery. Numerous monasteries are built on it, many of them extending back to the fourteenth century.

NEARLY 200 invitations have been sent out for a piano recital on Saturday afternoon, February 1, at Starr King Hall, at which Mrs. Eva Garcia Fallon will present thirteen of her junior pupils. Miss Gene Ormonde, coloratura soprano, and H. Arthur Garcia, violinist, will assist with several selections. In the group of young people who are to play are children of some of the prominent Piedmont families.

Mrs. Frederick Stalp, Mrs. C. Kellogg, Mrs. B. A. Stewart and Mrs. C. W. Callaghan are among the patronesses.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

Genuine Castoria always bears the signature of *Dr. H. H. Fletcher*

Steinbacher was the aerial artist who made the slide for life from the tower of the city hall to the Syndicate building New Year's Eve.

Plans are under way to make the Ad-Masque a ball of a million lights. The electric lighting features are in the hands of Romaine W. Myers, a consulting engineer who has made a specialty of electricity and illumination.

Myers proposes to make the display of costumes and gowns a gorgeous spectacle by the use of giant projectors and colored screens.

Union Oil Control Subject of Suit

LOS ANGELES, Jan. 27.—Suit to enjoin W. L. Stewart, president of the Union Oil company and members of his family from repudiating an alleged agreement by which they are said to have relinquished the voting power of their holdings until May 1, 1915, was filed in the Superior Court today by John Garrigue, former treasurer of the company.

Garrigue retained Francis J. Heney, formerly of San Francisco, and William Carr, state senator, as counsel, and Heney declared tonight that an organization of independent stockholders was being formed and other suits were in contemplation with the object of wresting from the Stewart family the control of the concern which was said to be exercised through the medium of holding companies.

In the action filed today Garrigue alleged that in May, 1913, the company was in a state of "serious financial distress," and had been "declaring dividends in excess of its available earnings." At this time, according to the complaint, the Stewarts were declared to have admitted their inability to cope with the situation and to have the company from defaulting in its obligations. Garrigue asserted he stepped into the breach with the understanding he was to have charge of the reorganization of the company. It was then, the complaint states, that the Stewarts' management was to cease for five years, in accordance with the alleged agreement.

BUCKLEY DENIES TREMP CHARGES

Only Marital Relation to Management of Valley Shows.

Manager Louis W. Buckley of the Municipal Auditorium explained today that his visits to Stockton and San Jose were not made for the purpose of promoting household shows in those cities but to make arrangements for a Central California Land Show to be held in Oakland at the auditorium. He said that he had paid his own expenses on these trips.

The civil service board, acting upon the request of Anthony Tremp of Fresno that Buckley's connection with rival household shows be investigated, directed Efficiency Expert Wendell P. Smith to question Buckley yesterday. It is probable that the matter will be dropped by the civil service board.

Tremp sent advertising literature in connection with the Stockton and San Jose shows to the civil service board, directing attention to the fact that the name "L. B. Buckley" appeared on the advertising and the contracts, and that the headquarters of L. B. Buckley were given as Suite No. 3, in the Oakland Auditorium.

Buckley explained today that the "L. B. Buckley" named in the circular is Mrs. Laura Bell Buckley, his wife, and that she has been representing him in the company which has been promoting the household shows in Stockton and San Jose.

"I had some money invested, so I felt that I should have it protected," said Buckley. "Mrs. Buckley was made treasurer of the company. Mrs. Buckley represented me in the same way in handling my concessions on the Zone at the Panama-Pacific International Exposition."

"Mr. Johnstone and the promoters of these shows have their headquarters in a suite at the auditorium. I told their memorandum agreeing to pay \$10 a month rent."

Box Parties to Be Many at Concert

The advance sale of tickets for the fourth "pop" symphony concert, which will be given at the Oakland Municipal Auditorium next Sunday afternoon at 2 o'clock, indicates a record attendance. Included among the regular concert goers are many society people of the east bay cities and a feature has been the giving of box parties which have been numerous. Music lovers are unanimous in saying that the program arranged by Paul Stenderoff and given under his direction are among the best ever held in Oakland. The large attendances have demonstrated that the concert is a success. A splendid program has been prepared for next Sunday.

Help Make Oakland a Rose City!

Distribution of several thousand Rose Bushes will enable people of Oakland to add to the beauty of lawns and gardens

Oakland has the ideal climate for growing the best roses. Beautiful blooms and many varieties of hue have made Oakland's roses famous.

Oakland should have more roses. The city should be a bower of roses, a veritable rose city.

The Owl Drug Co., some time ago, distributed a large number of rose bushes. Our customers were greatly pleased and asked repeatedly when we would distribute more.

In order to "do our bit" toward beautifying our city, we are distributing several thousand rose bushes at less than cost.

Beginning Friday, and continuing until the bushes are all disposed of, these bushes will be sold at 10 cents each—one rose bush will be sold with each 25-cent purchase. They would ordinarily sell at 25c to 35c each.

The bushes are two-year-old hardy stock, average three to four feet high and have long roots. All tagged true to name and color. All these bushes are guaranteed to bloom during the coming Spring or early Summer.

The entire lot was selected from prize stock exhibited at the Panama-Pacific International Exposition. We wished to secure some of the best possible for our own city and to place these at the disposal of our friends and customers, and therefore, purchased several thousand.

The distribution begins on Friday morning at the four Oakland Owl Drug Stores and will continue until the supply of bushes is exhausted.
